

Exhibitors Profile :

- Conventional Energy
- Energy Resources
- Non Conventional Energy
- Nuclear Technology
- Energy Conservation
- Co-generation
- Boilers and Steam Systems
- Switchgears and Controls
- Process Automation & Instruments
- Power Factor Improvement Systems
- Transmission and Distribution Equipment
- Gensets /Turbine /Transformers
- Variable Speed Drives
- Energy Meters
- Industrial Lighting Systems
- Energy Efficient Motors
- IT in Power Sector
- Power Plants & Equipments
- Financing of Power Projects
- Compressed Air
- HVAC & Green Building
- Environment Monitoring
- Waste Management and Recycling

- Industrial Safety /Hazard Control & Risk Management services
- Logistics Including Transportation Handling & Storage Facilities
- Solution Providers
- Energy Efficient Industrial Products
- Infrastructure Efficiencies In Power, Water & Resources
- Coal
- Thermal insulation

Renewable Energy

- Solar Technologies
- Wind Generation
- Energy Production Utilizing Renewable and Future Primary Energy Sources
- Energy Saving Through Rehabilitation of Power Generation Units
- Energy Saving Management
- Energy Efficient HVACs
- Mechanical Energy Saving
- Isolation Material.
- Gas Technology and Applications
